

TREE CERTIFICATE

Dear Knights of RGB!

By choosing to collaborate with me over the past year, you've not only enhanced your own visibility and representation, but you've also made a meaningful investment in something greater – for everyone and for our planet. This noble act elevates you to the status of a Knight. After all, we're all interconnected in this endeavor; no single person can safeguard this precious orb we call home floating in the vastness of the universe.

Since the inception of the Knights of RGB journey in autumn 2022, we've collectively planted 55 trees through PLANT-MY-TREE. To round it up to a commendable 100, I'm personally donating an additional 45 trees in your honor.

The Knights of RGB 2022 through 2024 are (in alphabetical order):

Arche Noah, Barbara Palomino-Ruiz, Dynatrace, Elisabeth Tucek, Fachgruppe für Werbung und Kommunikation, Filmgarten, Heathers Production, Himmelhoch PR, Kinderunikunst, Kuantuz, Le Studio Film und Bühne, Lupus5, markta.at, NFBrandsX, PLANET architects, Stiftung für Wirtschaftsbildung and Sonja Sagan.

Thank you for caring!

The numbers of your trees are:
1036-0275 to 1036-320

You can find them at this location:

Wishing you a fantastic 2024 filled with continued positive impact on the world. Looking forward to seeing you soon, whether it's on set, site, or in the studio!

Best regards,

Teresa, Knights of RGB
